**SPRING 2020**

We believe that by providing motivated individuals the resources they need to jump-start their careers in the tech industry, we can unlock a previously untapped community of raw talent.

### **COLLABORATION**

We collaborate with sponsors in the community to provide paid placement after successful completion of the 6 month program

### **CURRICULUM**

Our curriculum focuses on technical proficiency, soft-skills, on-the-job training, and industry expertise.

### **OUTCOMES**

WIN cohort of Fall 2019 graduated to become developers at leading financial institutions with a starting salary of \$55k.

## **TIMELINE**

Recruiting for the Spring 2020 cohort has already begun. Once candidates have successfully made it into the program, they will train for 6 months until graduation in June 2020. Once graduated, participants will transition into their full-time position with our community sponsors.
